

# X-Pod

## Data Sheet

# Product Variations

Inspire is a brand new range of high performance, beautifully designed, and practical temporary event structures.

Quick, simple, impact branding on the move! The X-POD range offers a high quality, low maintenance event structure that can be used anywhere. The sealed beam system means this structure can be used in any location from town center promotions, indoor exhibitions and events, product launches and outdoor fairs & festivals! The X-Pods can also be joined using the extension cover; this enables a larger covered space to be easily achieved. Full branding is available on all component parts roof, legs and zip in wall panels; a range of colors to suit and the kit comes with everything you need on site.

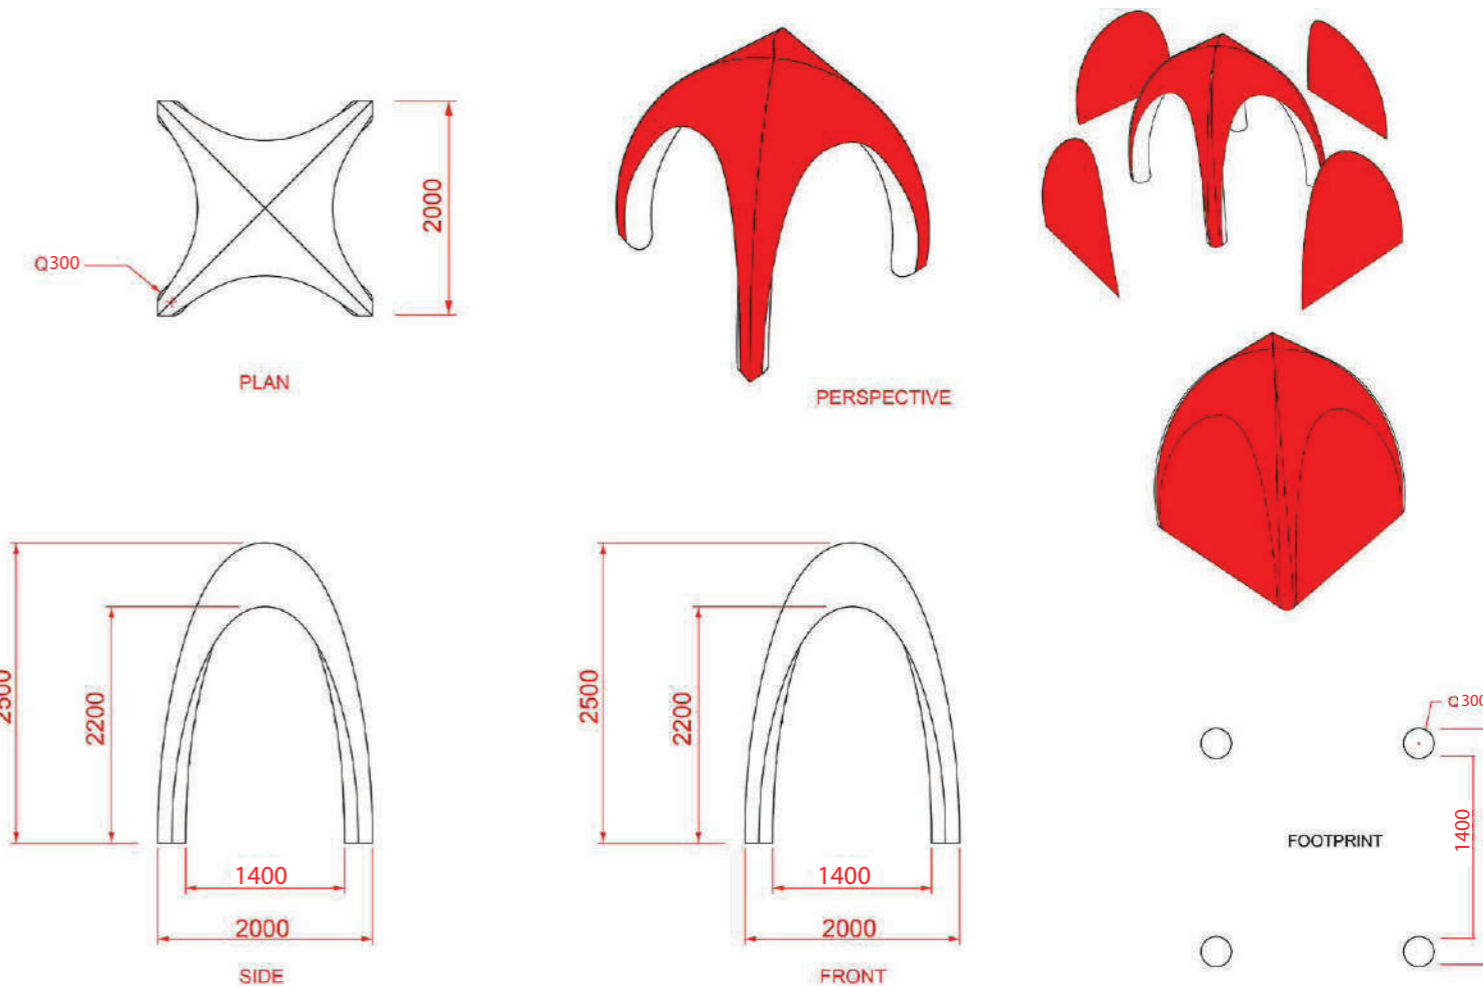

The Inspire X-Pod range includes:

<b>Sizes:</b>	2m	3m	4m	6m	8m	<b>Internal floor space (m2)</b>	4	9	16	36	64
<b>Length (m)</b>	2m	3m	4m	6m	8m	<b>Weight (kg)</b>	30	40	45	50	80
<b>Height (m)</b>	3m	3.2m	3.2m	4.2m	5m	<b>Rental Option</b>	Yes	Yes	Yes	Yes	Yes
						<b>Branding</b>	Full color printing available				

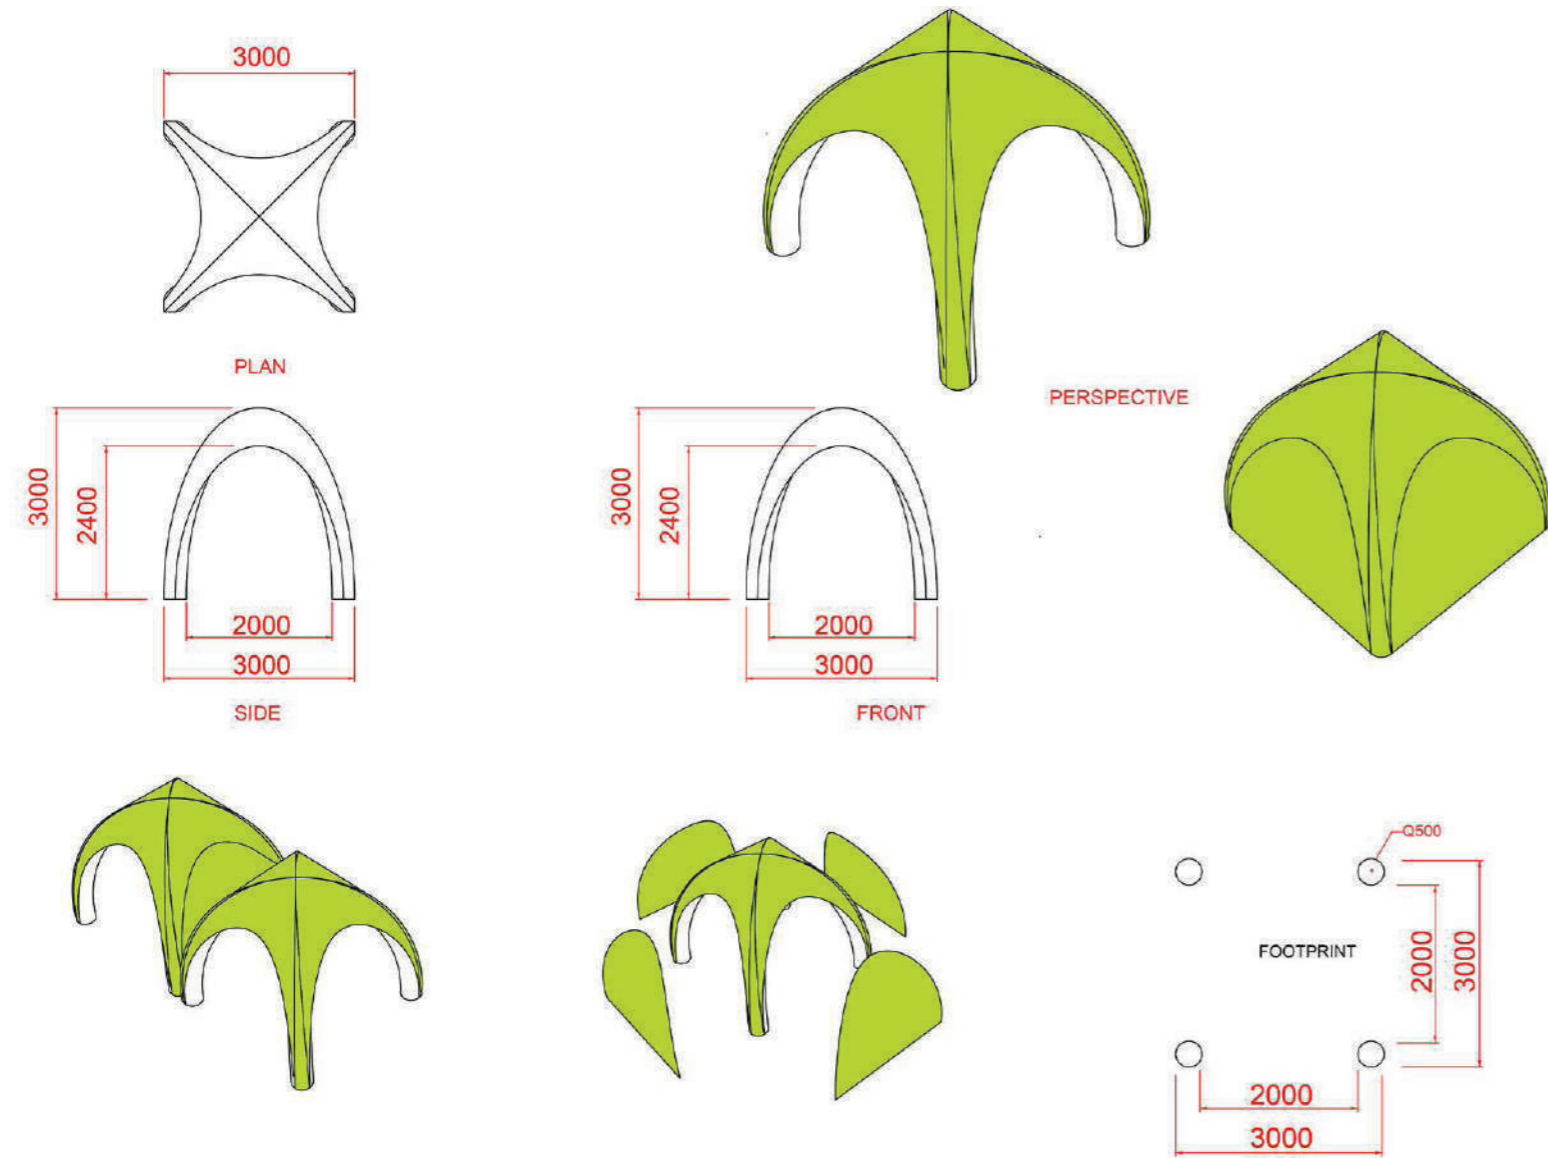

The Inspire range of structures can be tailored to suit your event needs, we offer branding with options including direct print and replaceable printed covers. The Inspire range also offers great flexibility as all the products can be seamlessly joined together, providing wonderful multi room environments. We also offer a range of connecting tunnels to add a sleek finish to the event structures.

# Product Enhancement

## Branding

Branding can be applied permanently to any of the Inflatable structures as screen print or digital printing at the source of production.

Temporary branding can be added as vinyl or Dacron adhesive panels at any stage. Please note that not all artwork is suitable for printing on our structure range. It is advised sample artwork be supplied in an .eps format so we can advise the best solution. Full replaceable covers are available to the range. These can be branded and printed to ensure your structure matches your brand.

## Custom colors and materials

All our structures are manufactured in ripstop nylon and reinforced PVC. As standard they are made in white and grey . Although a full colour range is available, this may alter lead times and costs.

Other materials are available and we are happy to discuss specific needs / projects and will advise on what we feel is the most appropriate solution. All fabrics are tested for performance of flammability for textiles used in the construction of marquees and similar textiles structures to standards: BS 7837:1996 / BS 5438:1989.

## Transport

By its nature an inflatable structure packs down to considerably less than its inflated size. The largest of our range packs down to less than 2M<sup>3</sup> which makes the structures ideal to store and use again. Each product will be supplied in its own storage bag and will be easily transported in an out of any venue.

## Warranty

Inspire offers a 12 month warranty on the manufacture process and materials if the user manual and install guides are followed. Due to the nature of weather and installation conditions, Inspire reserves the right to carry out an onsite inspection and report which way the warranty will be meet.
